

## **Database Administrator**

In just ten years, Clearly Contacts has grown from a one person start up to a TSX listed, world leading on-line distributor of contact lenses and glasses, operating from distribution hubs in Canada and Europe. With well over 100 million vision care products delivered to date, we have built up a significant customer base.

We are currently seeking a very enthusiastic and hardworking individual to join our IT Department. If you're looking for a new and exciting challenge, and love working in a fast paced environment, then be sure to apply. As a member of the IT team you'll contribute to the success of Clearly Contacts by handling the key responsibilities of this position and more.

### **Key Responsibilities:**

- Installation, configuration and upgrading of Microsoft SQL Server software and related products
- Evaluate MSSQL features and tools
- Establish and maintain sound backup and recovery policies and procedures
- Manage the database design and implementation
- Implement and maintain database security (create and maintain users and roles, assign privileges)
- Database tuning and performance monitoring
- Application tuning and performance monitoring
- Setup and maintain documentation and standards
- Plan growth and changes (capacity planning)
- Work as part of a team and provide 7x24 supports when required
- General technical trouble shooting and give consultation to development teams

### **You Offer Us:**

- Minimum 4 years of DBA experience building, deploying and administering SQL Server database management system
- 6+ years' experience in Information Technology
- MS MCDBA Certified
- Experience working with the following:
  - MS SQL Server's architecture
  - Schema design
  - Administration
  - Security
  - Performance monitoring and tuning
  - Stored procedure design and review
  - database replication and logging
- Good understanding of Dynamic Management Views (DMV)
- Good understanding of Transact SQL scripting language and DTS packages and SSIS
- Understanding of High Availability and Disaster Recovery requirements and solutions
- Expert experience in troubleshooting and resolving urgent/critical incidents on production systems
- Comfortable with working in a rapidly changing, technically complex environment

**Following are considered an asset:**

- Experience with SQL Server clustered environment
- Experience with Storage Area Networks (SAN)
- Third party DB Management Tools

**We Offer You:**

- A generous Employee Stock Ownership Plan
- 2 weeks paid vacation, after 2 years of employment – 3 weeks paid vacation, after 4 years of employment – 4 weeks paid vacation
- Extended Medical Benefits
- MSP
- Discounted gym membership
- Translink Employer Pass Program
- Opportunities for career growth and development with a dynamic growth company
- A great work environment with a friendly fast paced team that enjoys working hard and playing hard

Successful applicants will have a positive attitude, enjoy a challenge and have an appetite for problem solving. You want a successful career not just a job, and have strong organizational, oral and written communication skills.

If you're excited by the prospect of being a key player in a fast-moving IT environment and are looking to move ahead, we want to hear from you. To apply, send your detailed resume and cover letter to [jobs@clearlycontacts.ca](mailto:jobs@clearlycontacts.ca).
